DISCRETIONARY GRANTS: GENERIC LOGIC MODEL

PROBLEM	SUBPROBLEM(S)	ACTIVITIES	OUTPUT MEASURES	OUTCOME MEASURES

OUTCOME MEASURES
Short term   Long Term

PROBLEM

The problem is defined in relation to OJJDP's mission and must be one of the following:
1. Juvenile Delinquency;
2. Youth victimization;
3. Improving systems/programs to address either problem 1 or 2 above

SUBPROBLEM(S)

This is the specific problem that the program/initiative will address.

What is the problem or issue that the program/initiative is designed to address?

ACTIVITIES

A general listing of the program efforts (events and actions) conducted to achieve its objective(s).

What will the program do?

OUTPUT MEASURES

These are measures of the program/initiatives process or implementation. The data demonstrate the implementation of the program/initiative's activities.

What did the program produce?

Short term

These are quantitative measures of the initial results of the program a. They are typically measured as of the end program.

This typically includes changes in knowledge, attitudes and awareness.

How, and how much, have participants (or participating entities) changed by the end of the program/initiative?

Long Term

These are quantitative measures of the longer results of the program a. They are typically measured six to 12-months post program.

This typically includes changes in behaviors, practices, decision-making. They may also include changes in social conditions (e.g., local arrest rates).

What changes are exhibited by participants (or participating entities) approximately six to 12 months after participating in the program/initiative?

Goal(s)

The goal must be defined in relation to OJJDP's agency-level goals which are:
1. Prevent and reduce delinquent behavior and victimization;
2. Promote public safety by encouraging accountability for acts of delinquency;
3. Address juvenile crime and victimization by supporting effective programs and practices.

Objective(s)

A specific and measurable statements regarding what the program/initiative will accomplish
What will the program achieve?
